### **Space & Naval Warfare Systems Command Awards Contract**

SAN DIEGO -- Raytheon Electronic Systems of Marlborough, Mass., is being awarded a \$6,033,250 delivery order under the Navy Extremely High Frequency Satellite Communication (NESP) IDIQ contract. This delivery order provides retrofit kits for processor upgrades, retrofit kits for low voltage power supplies and field engineering support for NESP through firm fixed price and time and material line items. The Navy Extremely High Frequency Satellite Communication terminal is a general purpose communications terminal designed to accommodate a wide variety of applications such as secure voice, teletype, data and fleet broadcast on surface ships, submarines and fixed shore sites. The period of performance is 22 months, through November 1999. Funds in the amount of \$1,749,873.87 are FY98 Operations and Maintenance (Navy) funds and \$4,283,375.89 is FY98 Other Procurement (Navy). Work will be performed in Marlborough, Mass. (50 percent), Waltham, Mass (25 percent) and Andover, Mass (25 percent). The Space and Naval Warfare Systems Command San Diego is the contracting activity (N00039-97-D-0013).
